It takes a village to raise a mother and a village to care for their community

JOIN OURS TODAY!

MISSION STATEMENT

MITD empower young mothers to achieve personal and parenting goals by establishing growth-centered environments and constructive collaborations that support personalized social, economic, and emotional development.

NOTE FROM OUR FOUNDER

Thanks to you, Mommies in the D turned 2 this year! We are so grateful for our growing community and the opportunities it has given our young families. It takes a village to support our mission, as it takes a village to support our young mothers that we love so much. With your help, we have become the bridge connecting families to the resources they need most. We are so excited to continue this growth and exploration in providing a more equitable world for young families in years to come!
